SHERWIN-WILLIAMS PAINTS & VARNISHES

The paint that protects the outside of a house should not be the same as the paint for a floor or a door or a wall. Different surfaces require different finishes. There should be but one thing in common—*Sherwin-Williams quality*—the quality that makes each paint, varnish, stain, enamel or other finish just right for its purpose.

If you know the paint and varnish you are using on your house or in your home are made by the same painstaking way as the paint used on iron bridges, steel buildings, railroad cars and automobiles, we believe you will have more confidence in them.

The News

BAIRD & MCKENZIE'S NEW FACTORY

A Splendid Structure

Baird & McKenzie have erected a factory in North Red Deer that does them credit. It is built for the purpose of special work, such as window sashes, special doors and detail work, which will be the long suit. The building is two storey high, 100 feet long and 40 feet wide, and cost about \$3,000, being built on the ground adjoining the Great West Lumber Co. saw mill, which has been leased from that company. The main part of the building is used for the machine work, and is fitted up with the following machines: Compound power rip saw, surface, cut-off saw, chain mortiser, tenon, sticker, molder, hand saw, jointer, shaper, lathe and a 3-drum sander for best finishing work. All these machines are supplied by the Berlin Machine Co. of Hamilton, and are the latest types on the market, the 3-drum sander being an exceptionally fine piece of machinery. In addition to the above, there is a wood-turning machine which turns out 150 stair bannisters per hour, complete, and base blocks at the rate of 300 per hour, and other articles in proportion.

There is an exhaust system connected with every piece of machinery, which carries away the sawdust, chips and dirt, thus making it more healthy and comfortable for the workers. This exhaust was made and fitted by the Smith & Gaetz Co. of Red Deer. All the drums and belt ing are covered by wooden boxes, so that there is no danger of any of the workmen being injured. This firm intends also to erect a dry kiln, capable of holding 10,000 feet of lumber, and an additional building for warehousing. The C.P.R. are putting in a spur track to serve both the Great West Lumber Company and Baird & McKenzie. The firm will employ from a dozen men upwards, according to the amount of work on hand.

F. B. Harrison Dead

The News received a letter on Monday last from Dr. John Collinson, London, England, announcing the death of Frank B. Harrison, late of Pine Lake and Red Deer, on May 2nd, at Brighton, England. In his thirty-fifth year, and the doctor attended the funeral. Mr. Harrison was very well known in this district, having lived at Pine Lake for a number of years, and was also in business in the city of Red Deer with Geo. Lindsay. Mr. Harrison left here on account of his health, which was not good at the time, taking his family with him to England. He had a large circle of friends, who will very much regret his early demise. He leaves a widow and six young children.

Musical Concert

A rare treat to the music lovers of Red Deer will be given in the Presbyterian Church, Red Deer, on Tuesday, June 3rd, at 8 p.m., by Madame Hope, violinist, and Bowyer, pianist, assisted by Madame Quigg, vocalist. Madames Hope and Quigg need no introduction to the people of Red Deer. They have already made a place for themselves in popular favor. Miss Bowyer, who is the head of the musical department of Alberta Ladies' College, comes with records of splendid achievements in the east. Her work on the piano commands itself to all connoisseurs of musical art. This concert is the first of a series which will be continued in the autumn. Note the date and don't fail to attend.

Howdy Pap

Red Deer Lodge, No. 1293, L. O. O. M., will celebrate the closing of its charter with a big dance, music, and entertainment on Thursday evening.

Lodge degree team will put on the full ritualistic work, and a large class of candidates will be led through the forests of Moosewood. C. Rae Ward, Director, who has been in the city for the past two months, is to be congratulated on the success of his bringing together such a large membership, as Moose Lodge is now one of the largest lodges in this city, and they will have their own Moose home here in the near future.

Moose baseball team is now being organized for the coming summer.

BIRTHS.

At Red Deer, on May 13th, to Mr. and Mrs. Hugh Baird, a daughter.
In Red Deer, on May 16th, to Mr. and Mrs. Harold Snelli a daughter.
At Pine Lake, May 14th, to Mr. and Mrs. C. E. Atter, a daughter.
At Evans, May 15th, to Mr. and Mrs. Tennant, a daughter.

CEMENT BUILDERS, LIMITED, BOOMING

Biggest Plant in Alberta Today

With the increased facilities of the plant of the Cement Builders, Limited, the output today is, we understand, the largest in the province of Alberta, and which the seven new tunnels which are in process of construction, are completed, the plant will have a capacity of 90,000 bricks a day. In one hour's run last week 10,000 bricks were turned out without any difficulty.

During the winter a large 150 horse power boiler was added to the plant, doubling the boiler capacity, and the 175 horse power engine of last year has been replaced by a splendid McKewan waterous engine of 320 horse power, and there is now plenty of power to run the large plant with ease.

Everything works like clockwork under the supervision of a number of expert workmen in each department. The clay is turned up with teams and plow, then scraped to a platform dump, loaded cars come below, which in turn is hauled up the incline track by wire cable attached to a large drum. The clay is then dumped into the granulator, when it passes down to the disintegrator and mixer, and from there to the pug mill, where a spout from the groz mill also passes just the right amount of ground brick, cinlers, and other refuse from the powerful crusher; much ne below, to make a splendid sample of brick. Then the clay passes down to the brick machine, which throws out a steady stream of clay which is carried on a belt to the wires, which cut the clay into proper size, and the bricks are carried along on a long belt, allowing four or five men to load them on cars. When the cars are loaded, they are placed in the dryers, and the following day taken out the other end of the dryer and packed in kilns, where they are burned for about eight days, and they are then ready to ship as soon as they cool off.

At the present time the Company have a kiln of 300,000 brick ready to ship, another kiln of 300,000 burning, a third nearly ready to burn, and a fourth started.

Owing to the quantity of shipping promised the C.P.R. by the Company, Mr. Murrin informs us the railway will almost at once erect a bridge over the creek and run a spur into the yard close to the kilns, which will be a great saving in time to the company in loading cars. This will also allow the Company to ship coal right into their yards as soon as the Brazeau Coal Company can furnish it, and then it is likely the Company will use coal to burn their kilns.

Boyle & Co.

A. R. Boyle, contractor, has leased the building formerly used as a night school by the Roman Catholic congregation, Gaetz Avenue South, and has taken Mr. Morrell into partnership, and the firm will be known as Boyle & Co. in the future.

The company have put in a crescent wood worker. Four or five men can work on this machine at once. It has a hand saw, a jointer, a rip saw, shaper, bring machine and several other attachments in connection with it. The Company will employ a number of men, and will make screens, doors, window fittings, and anything in the cabinet line or carpenter work. Mr. Morrell will take charge of the shop work.

Snell Football Shield

The selection committee of the League met on Monday night and selected the team to represent the City in the Snell Shield Competition at Inisdale on May 24th, as follows: Goal, Vic Day; backs, J. Proctor, H. G. Scott; half-backs, W. Scott, S. Abley, R. Brydie; forwards, C. Markle, J. Horne, F. Hopkins, J. Wright, P. Kent.

Miss Florence Bruce
Central School with Calgary Central Methodist Church Choir.

THE GREAT WEST LUMBER CO.

An Enterprising Firm

The Great West Lumber Co. have recently spent a lot of money in remodeling their saw mill, and are now running daily, with 115 men on the pay roll. This is a great thing for the city, for, in addition to the men employed at the mill, there are some 30 men at the camp.

The machine shop at the mill has two screw-fitting lathes, power drill, hand drill, power pipe cutter, shaper and grinder.

There is also a large blacksmith shop with forge and general fittings. The engine room has a pair of Cross Compound Wheelock engines of 300 horse power for driving the mill; also a Robb Armstrong engine, Tandem Compound, of 150 horse power, and a generator of 100 K.W. which drives the planing mill. Another generator, used for lighting, a 12 K.W. machine, is connected with an upright Climax engine.

The boilers, three in number, are 75 feet in diameter and 18 feet long, made by Boldie & McCulloch, of Galt, Ontario, and have in connection feed water, heater, feed pump, and hollow blast grates. There is also a 150 horse power, plain side valve engine, used for running the saws, sawpits, snappers and stretchers.

The saw mill itself is 200 feet long, having some 70 belts running on drums and wheels on the ground floor, one of the belts measuring 130 feet. There is a very large conveyor, which is fed by smaller conveyors, and finally carries the whole of the debris to the first under the other mill. The log is brought up a jack ladder from the water into the mill, where a steam kicker places it on the deck. It is then placed onto the carriage by a steam loader and there handled by steam nigger, and is then brought into contact with a large rotary saw, the slabs cut off, and the log thrown over to the gang to be cut into boards. The slabs are carried on the conveyor to the slasher, which cuts them into four-foot lengths, and they are conveyed further on and put through the lathe mill. The boards, after being cut, are conveyed to the planer, and after going through that process, pass outside to the conveyor which takes them along, and they are taken off by the sorters, who place them on a platform, fitted with steel rollers, in their respective grades. They are then rolled on to a roll wagon and taken to the yard ready for sale. It is estimated that 100 logs are taken from the water and placed as finished boards in the yard in one hour. The length of the outside conveyor is 240 feet long, extending all along the sorting platforms.

The Company are not running a night shift at present, but the new machinery installed, 100,000 feet a day will be the average cut, and they expect to be busy all along. The fact of the C.P.R. putting in a spur, extending all along the yard and mill, and on to Baird & McKenzie's, shows the importance of this Company's undertakings.

Sylvan Lake

Contracts are being let for dwelling houses, and very soon it will be a hard matter to get mechanics if you want them.

Mr. and Mrs. Rousseau and their two sons arrived last week, and propose to make their home here. We are pleased to see them, and should be pleased to see a trainload of their kind arrive.

Capt. Cottingham's letter was read and appreciated by every one here, and those who will get acquainted with the same spirit in Red Deer will have our gratitude. I noticed one slight error, though—we were asked by Mr. McKinnon to co-operate, which we will with all our power and means, but our means are not big enough to shoulder all the expense, and we never contemplated it. We would like to have the regatta at the most convenient time after the schools break up.

Business is picking up out here, and everything points to a very busy season.

The government forces are working to the west of the town, fixing the roads.

Sidewalk construction, we hear, will begin in the village as soon as the lumber arrives from the west.

The Tennis Club grounds are ready for the anxious players, and we hope to give Red Deer Club a chance to show their mettle in the near future.

The Baseball Club start in in about ten days.

Our congratulations to Dr. and Mrs. Rousseau upon the arrival of their first born.

J. I. MacKay, Presbyterian student, will hold services at Sylvan Lake in Mr. Heenan's hall every Sunday at 7.30 o'clock. All are cordially invited.

DE LAVAL Cream Separators ARE EASIEST TO WASH

The construction of the De Laval bowl is such that it can be completely taken apart for washing. The discs, bowl parts and tinware have no tubes, crevices, holes or corrugated surfaces such as are found in other machines and they are very hard to clean.

The De Laval discs are washed as a single piece and the whole machine can be thoroughly

CLEANED IN FIVE MINUTES

There is no part of the De Laval bowl which cannot be easily reached and seen, so that the operator can always tell whether or not every part has been properly cleaned.

The ease with which the De Laval can be thoroughly washed, and kept in a sanitary condition is one reason why creamerymen prefer De Laval to other separator cream, and is likewise one of the reasons why butter made from De Laval cream has scored highest at the National Dairy Show for over 20 years.

THREE KILLED BY LIGHTNING CRASH.

Stratford, Ont., May 13.—Police Chief McCarty, Fire Chief Durkin, and Policeman Matt Hamilton, were killed at 2 p.m., when the tower of Knox Church was struck by lightning and collapsed.

Exciting times are coming for Red Deer. We are going to have a holiday on the 24th and a circus on the 28th—all inside of a week.

George Coghlin, the rising local checker artist, has secured a book on the finer points, and says he is going to make the old-timers back up.

Who were the cheap sports at the football grounds last week who refused to come through with the small sum of ten cents to witness the games?

For the last three or four weeks, owing to the wet weather, the ladies have had to wear their fine new bonnets overshadowed by an umbrella. Rather hard luck.

The pile of six-inch blocks on Gaetz Ave. North have been mistaken for many for ammunition for a suffragette parade, but they are merely material for re-covering the traffic bridge.

A number of young fellows have been practising baseball lately and trying to organize a team to play at Laramie on May 24th. We wish some kind-hearted person would keep it up, for there is no reason why we should not have a good amateur team here.

Red Deer's ball grounds look dreary and lonely after the excitement of professional baseball last year. We wish some kind-hearted person would throw some pop bottles and pop-corn boxes around the diamond, and fix the score board to read Red Deer 19, Calgary 6, to make things look as exciting as possible.

With an armory going to be built in Red Deer, the mounted regiment is organizing for a better squadron than in previous years. In our opinion, the foot regiment idea should be more actively advanced, as there are lots of young men who would readily join this, but who would find it hard to keep a horse in town.

The banqueting of Rosalind of Old Basing created so much publicity for Red Deer, that the Board of Trade are looking for another animal to honor. We would suggest the dog that helped the Boy Scouts capture Kelly, the fierce assailant of our city of police, some two or three years ago. He might be called "Tillicum the Sleuth" for the occasion.

May 21st is known as "Red Deer's day of peace and quietness," so you had better make up your mind to go out of town on that date. The United football team will go to Laramie, and will need a good lunch of supporters; or you can go to Laramie and root for the Red Deer baseball team. There will also be a big celebration at Blackfalds. A lot of Red Deer citizens always jaunt up to Blackfalds, and the celebration this year promises to be better than ever.

THE "BIG INTERESTS" AND THE OTTAWA LIBERALS

(Calgary News-Telegram)

Some time ago the information was sent out from Ottawa that the main cause of the Laurier opposition to the Borden naval programme was engendered by the big steel interests of the maritime provinces, the leaders of which were not only fighting the proposition from a business standpoint, but were actually financing the fight in the house of commons by being put up by the Liberal forces against the naval bill.

The story was undoubtedly taken with a good deal of reserve when it was first published, but in yesterday's dispatches there appears corroborative evidence of such a nature that there is little reason to doubt that the "big steel interests" in the steel trade are making liberal donations to the Laurier party campaign funds in order to defeat the Borden naval scheme.

People not conversant with the facts might say why this concern on the part of the "big steel interests"? The reason is it is difficult to ascertain when it is mentioned that in the commons on Tuesday, Mr. Carroll, a prominent Liberal member from Nova Scotia, and one of the chief obstructionists, further added to the disorder which has marked the proceedings during the past few months by presenting a resolution to the effect that "all steel to be used in the construction of the Canadian battleships should be bought in Canada at current rates."

This is a perfectly legitimate request, and if there be one regret which this paper has because of the building of Canada's battleships in Britain it is because a considerable amount of money is to be lost in that way to Canadian industry. Indeed, we would rather see the Canadian government pay twenty-five per cent. higher for the construction of these ships if by so doing they could be built in Canada than save that amount by sending abroad.

But it is quite plain that Mr.

Carroll and his Laurier colleagues are not so much concerned about either the cost to the people of Canada or the ships themselves as they are about the "big interests" which are financing the Liberal anti-campaign. For years Sir Wilfrid Laurier and his party not only protected the "big interests," but actually gave them a bounty on every ton of steel made in Canada. This was later wiped out, and when the Borden government refused to restore the bounty on the products of these "big interests," they immediately began to threaten the life of that government. The naval scheme afforded a splendid opportunity, and for the last few months the money of the "big steel interests" has been behind the Laurier party in its fight against the Borden contribution, first, because the Conservative government would not restore the bounty, and, secondly, because there was going to be no take-off for the Canadian steel "interests" if the ships were built in Britain.

If the opposition Ottawa, headed by Pugsley, Macdonald, Carroll and various other politicians close to the steel "interests" were able to defeat the Borden government, the bounty would not only be restored, but there would be considerable donations added to the Grit campaign funds as well. Thus the "steel interests" have been dividing money in their own "interests" and the "interests" of the Liberal party, with the idea of not only defraying the expense, but setting away with a whole lot more besides.

A nice little game, no doubt; and one which the farmers of Western Canada should acquaint themselves with before the next election, when the same Liberals who are now putting up a fight by reason of the expense of the "big steel interests" will be on hand in Alberta with the usual tirade against the "big interests" of the east. Slowly but surely the mask is being removed from the Laurier-Pugsley brand of patriotic Liberalism.

FIGHTING FARMERS' BILLS

Liberals Divided House on Measure For Aid to Agriculture

SAME THING ON HIGHWAYS BILL

The Liberal party is always talking loudly about its sympathy for the farmers of Canada. Sympathy is about as far as the Liberals ever go. Their real position was shown up in the House this week when the Opposition recorded their votes against the two most important measures, as far as the farmer is concerned, ever introduced in parliament. One was the bill to conserve agriculture and the other was the highways measure of Hon. Frank Cochrane, designed to initiate on a big scale a scheme for better roads through rural Canada.

There is no section of this whole country that would not be immediately improved by the building of better highways, and this is true of both the farming country and the market towns in its interior. The farmer who has a market town close at hand, and a good road by which to travel to it at any time of the year, is undoubtedly in a better position than the farmer who lacks either the market town or the means of reaching it easily and safely.

FACTIOUS OBJECTIONS. The objections that were raised by the Liberals to this bill were, in essence, a case of the agriculture bill of the most factious character. They wanted the money to be spent by the provinces, and although the Dominion was footing the bill they wanted the Dominion government to have nothing to say about the expenditure. Then they wanted the minister to add a clause to the effect that the division of the money would be on the basis of population. This despite the promise of the minister and the Premier that this was the intention of the bill and despite the fact that the money last year placed in the estimates was appropriated on this basis. Because the demands were not met, every Liberal voted against this measure as well as the Agriculture Bill. The fact is that they were only looking for an excuse to vote against the bill, and as they did last year the Senate would again throw it out.

Several Liberal members openly boasted that the Senate would again kill the measure.

WHY THE COUNTRY TRUSTS BORDEN

Because Borden is a man of his word.

Because he has made the first real effort to come to the aid of the motherland in naval defence.

Because he stands for honesty and integrity in administration, and for cleanliness in public affairs.

Because he believes in the square deal to all classes of the community, irrespective of considerations of race and religion.

Because he has carried out more pledges in the fifteen months he has been in power than Laurier did in the fifteen years in which he occupied the position of Prime Minister of Canada.

Because he is not always talking of Canadian "autonomy" as if it were something to be guarded against the risk of being kidnapped.

Because he is a Canadian first, last and all the time, and believes that this great Dominion can best work out her destiny as a free nation within the Empire and as an "adjunct" of the United States.

Because he is British to the core, and does not boast that if he had been on the banks of the Saskatchewan he would have shouldered his musket.

Because he never prophesied that when Canada would be independent and drop from the parent tree like ripe fruit.

Because he believes in British connection and not separation.

Because the grand old Union Jack is good enough for him.

Because he believes in helping Britannia to rule the waves.

Because he believes in actions not oratory.

Finally, the people trust Borden because Borden trusts the people.

Planning Rapid Construction of H. B. Railway

By Middle of Season McArthur Will Have 2,000 men at Work.

Winnipeg, Man., May 1.—A train of 40 cars, loaded with locomotives, steam shovels, boarding cars, ladder-works, flat cars, ballast piers and innumerable other necessary articles for use in a construction camp, left the Canadian Northern yards for the J. H. McArthur company, limited, in its work on the Hudson's Bay railway, between Le Pas and Port Nelson. Between 200 and 250 men left with the train, and in the season possibly 2,500 altogether will be employed.

The distance to Le Pas is 470 miles, and Port Nelson is 120 miles further to the northwest. It was impossible for the officials to state how far the line would be completed this year, but every effort will be made to rush the work.

Synopsis of Canadian North- west Land Regulations.

Any person who is the sole head of a family, or any male over 18 years old, may homestead a quarter section of available Dominion land in Manitoba, Saskatchewan or Alberta. The applicant must appear in person at the Dominion Lands Agency or Sub-agency for the district. Entry by proxy may be made at any agency, on certain conditions, by father, mother, son, daughter, brother or sister of intending homesteader. Duties.—Six months' residence upon and cultivation of the land in each of three years. A homesteader may live within nine miles of his homestead on a farm of at least 80 acres, solely owned and occupied by him or by his father, mother, son, daughter, brother or sister.

In certain districts a homesteader in good standing may preempt a quarter-section alongside his homestead. Price \$300 per acre.

Duties.—Must reside upon the homestead or pre-emption six months in each of six years from date of homestead entry (including the time required to earn homestead patent) and cultivate fifty acres extra.

A homesteader who has exhausted his homestead right and cannot obtain a pre-emption may enter for a purchased homestead in certain districts. Price \$3.00 per acre. Duties.—Must reside six months in each of three years, cultivate fifty acres and erect a house worth \$300.00.

W. W. CORRY,
Deputy of the Minister of the Interior.

FOOTBALL

School v. Town league match took place on Friday night, and resulted in a win for the School of 1 to none. It is doubtful if the league officials will allow this match to stand, as the rules were not adhered to in several ways. The game had been called off in the first place owing to the bad weather and state of the ground, and the official referee had been notified that the game would not take place. The grounds were not marked out, and no one had been appointed to make a collection, and funds are needed alright. Some of the players however wished to play, and got busy hunting up a team, and the game was played. The City club only had nine men to start with, but, with the consent of both teams, Cee, Carswell was allowed to play in goal for the City team, and he did well, too, only allowing one ball to pass him. This action of the School in allowing him to play, not being signed on, showed a fine-spirited spirit, but it was a distinct breach of the rules, for which both teams should be fined.

COMMENTS.

We were glad to see the Rev. Moore dominating the jersey once more and turning out to play. His presence on the football field always tends to good, and we hope he will be out all the rest of the season. The 24th of May will be here in a few days, when our representative team visits Innisfail. We have not, at the time of writing, heard of this team being chosen. This season has been done and at least one game played against a picked team, to give the men a chance of getting used to each other's style of play. We hope as many of the citizens as possible will go to Innisfail on the 24th with the team, it will be a good way of spending the afternoon, and will considerably help the players. Red Deer will have a representative team this year that will be hard to beat, and we would like to see them pitted against Edmonton or Calgary.

To Entertain Australian Cricketers.

Edmonton, Alta., May 19.—Fifteen hundred dollars have been guaranteed by the Edmonton Cricket League for the entertainment of the touring Australian cricketers, who will play at Diamond Park here, June 3 and 4. Victor Trumper, one of the greatest cricketers the world has ever seen, probably will captain the visiting team. Edmonton is the only city in Alberta to be visited by the Australians, who will go from here to Prince Albert, where they will make their sole appearance in the province of Saskatchewan. The first match in Canada will be played in Victoria on May 28.

The visitors will be entertained at a public reception and banquet the evening of June 3, when Mayor William Short, the members of his cabinet, officers of the provincial government, members of the legislature and presidents of the various amateur athletic organizations will be there to greet them. The address of welcome will be given by Mayor Short. Invitations will be sent to prominent cricketers throughout the western provinces.

"Arrangements have been completed to give the 'Cricket' a very western welcome," said M. R. Gamble, secretary of the league, "and we are looking forward to their visit with pleasure. We feel, too, that the coming of the Australians will stimulate the game in this part of the country. There are more than 300 active cricketers in Edmonton, and as many more in other parts of the district, and we are looking for good results."

Denying Yourself a Privilege

Not to know Hoberlin clothes is to unwittingly deny yourself of a style, quality and value not to be found in other kinds of tailoring. Progress in fine clothes making is not a thing of leaps and bounds, but of slow evolution and development.

The highest development yet attained in clothes making, is shown in the fifty or more distinctive models of Hoberlin spring styles. Smart cuttings in the gray, brown and Oxford effects, tweeds, worsteds, homespuns.

Suits \$20.00 to \$40.00

Life Story of Captain Scott

The late Captain Robert Falcon Scott, R. N., C. V. O., the leader of the British Antarctic expedition, was born at Devonport, the famous naval station on the south coast of England, on June 6, 1868. He was the son of the late John Edward Scott of Devonport. He was educated at Stabbington House, Farnham. He entered the British navy at the age of fourteen and five years later became a lieutenant on the Rover and later on the Amphion. In 1898 he was promoted to be torpedo lieutenant of the flag ship *Majestic* of the channel squadron. In 1899 he was made first lieutenant and in the following year he was gazetted commander.

First Expedition
In 1901 he was chosen to lead the British expedition to the Antarctic, which occupied him until 1904, at the close of which he was made captain and a companion of the Victoria Order, as a token of King Edward's appreciation of his services in exploration and scientific research. He was also elected a fellow of the Royal Geographical Society. The medals of the Royal Geographical Society, the Scottish Royal Geographical Society and the American, Swedish, Danish, Philadelphia and Antwerp Geographical Societies were also conferred on him for this expedition, and the universities of Manchester and Cambridge conferred on him the honorary degree of Doctor of Science.

Shackleton With Him Once
Capt. Scott's earlier attempt at polar exploration was made on the ship *Discovery*, a Dundee wooden boat of 700 tons, liberally financed by the British government. One of the officers under Capt. Scott in this expedition was Lieut. Shackleton, R. N. R., now Sir Ernest Shackleton, on whose experiences with that expedition paved the way for his "Furthest South" expedition five years later. He explored more than 400 miles of the Great Antarctic Barrier, a wider stretch than any other Antarctic exploration.

Sailing from New Zealand on Christmas Eve, 1901, the *Discovery* ran down to the Great Antarctic Bar, where which Borchgrevink's expedition had noted thirty miles south of where it was recorded by the Ross expedition in 1842. Scott confirmed Borchgrevink's findings, but Scott discovered, where Ross had noted only an "appearance" of a wide stretch of country, which he named King Edward VII. Land.

Went South on Sledges
The discovery was laid up in McMurdo Sound, in latitude 77 degrees east, and exploration was started on sledges. The longest journey of 30 miles to latitude 82 degrees and 17 minutes south, occupied fifty-nine days. A little less than two weeks, Mount Markham and Mount Longstaff, named after the chief promoters of the expedition, were sighted. On Nov. 30, Capt. Scott discovered a distance of 300 miles westward from the ship, reaching latitude 77 degrees 59 minutes south, and longitude 146 degrees 33 minutes east.

On Christmas Day, Capt. Scott returned to the ship, and on Jan. 5th, 1904, the *Terra Nova*, the ship with which Capt. Scott made his last Antarctic expedition, arrived, even at the cost of abandoning the discovery. The expedition ship, however, broke loose from the ice on Feb. 16th, and Capt. Scott had the satisfaction of taking her home in good order.

In 1908 Capt. Scott married Miss Kathleen Bruce, daughter of the late Canon Lloyd Bruce. He was the author of "The Voyage of the Discovery," published in 1906. He was a member of the Royal Society and the Marlborough Club, and lived at 174 Buckingham Palace road, S. W., London.

POLAR TRAGEDIES

Sir John Franklin, of the English navy, in 1845-1848, seeking the north-west passage, lost his ship, the *Ernest*, and the *Terror*, off King William Land and starved and froze to death with 128 men, forming the crews of both ships.

Captain George Washington De Long, U.S. navy, in 1879-1881, seeking the North Pole, lost his vessel, the *Jeannette*, off Siberia and then perished near the mouth of the Lena river with twenty of his thirty-two men.

Lieutenant Adolphus Washington Greely, U.S.A., in 1881-1884, in polar research around Lady Franklin Bay, was not found by relief ships and lost eighteen of his twenty-four men by starvation and disease at a winter hut at Cape Sabine.

Salomon Auguste Andree, of Sweden, in 1897, seeking passage to the North Pole by balloon, disappeared into the north from Spitzbergen and was lost, with two companions, Mylius Erichsen, of Denmark, in 1907, charted the northeast corner of Greenland and perished with two companions while trying to get back to his base of supplies.

Captain Robert Falcon Scott and four companions, after visiting the South Pole in January, 1912, perished in a blizzard while returning north in March, 1912, within eleven miles from One Ton Depot. They had run out of fuel and provisions.

New Identification.

A method of identification of individuals by means of the veins of their hands has been developed by an Italian scientist.

Four more national bird reservations were established by the United States government last year, making the total number 56.

25c. TO STOP THAT ITCH

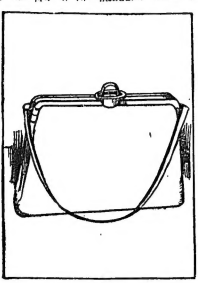

Does it not seem strange that so many people suffer year in and year out with eczema?

A 25 cent bottle of a simple wash stops the itch and will surely convince any patient. This wash is composed of mild and soothing oil of wintergreen mixed with thymal and glycerine, etc., and known as D.D.D. Prescription. We

LOCK FOR HANDBAGS

Makes Them Safe Against the Prying Fingers of Thieves

The ordinary handbag is the joy of pickpockets, as many women know to their sorrow. It is a very simple matter for the nimble-fingered rogue to open a bag and abstract the purse without the owner being any the wiser. A New York man has devised a bag safely closed under ordinary conditions. A spring-actuated, half-shield handle is hinged to one side of the bag, the handle, when open,

CAN'T BE OPENED CASUALLY.

the other jaw is in an interlocking rib and a secondary locking device pivoted to the side of the jaw on which the handle hooks. This secondary device has an opening at the top to allow the handle to pass through and there are clasps which lock the jaws at opposite sides when the bag is closed. Thus fastened, the bag cannot be opened casually, but requires more attention than a thief can afford to give.

Better Than Wireless

A French inventor claims to have discovered a substance more sensitive to wireless waves than any now in use and to have perfected receiving apparatus which does away with all other wires and antennae.

Reducing the Glare

For reducing the glare of a tungsten lamp without lessening its light a globe has been patented with longitudinal corrugations on the outside which diffuse the light so that the entire globe appears to glow.

Australian Turkeys

Females of the Australian wild turkeys lay their eggs in a common nest to the extent of a half bushel or more, then cover them with soil or decayed vegetable matter and leave them for the heat of decomposition to hatch.

Using the Refuse

A company has been formed at Vancouver to convert the refuse of the city's many sawmills into steam heat and electric light and power for public use.

New Clothesline

A wire clothesline upon which loops of wire are so formed that they will hold garments without the use of pins has been patented by a Seattle inventor.

Receiving Time Signals

The tower of a tall church in Switzerland has been equipped to receive the time signals sent out by wireless telegraphy from the Eiffel tower in Paris.

Preserving Power

There are about 200 electric stations in the United States equipped with ice making plants to profitably utilize the surplus power in the summer months.

Works That Pay

Although Egypt's irrigation works have cost about \$10,000,000, they have increased the land value from \$1,000,000,000 to \$2,000,000,000 in less than two decades.

Restoring Old Pewter

Soaking in a weak solution of potash for several days and then polishing with the *Terror* and olive oil will restore the surface of old pewter.

An Alcohol Monopoly.

Serbia has established an alcohol monopoly, the government giving an English company the sole right to manufacture and sell the fluid.

Egyptian Onions.

Egypt exported 255,000,000 pounds of onions in the past six months.

Bell on Poison Bottle.

If a sleigh bell be tied about the neck of a bottle containing poison it will sound its warning whoever may touch the bottle, day or night.

Wireless for 6200 Miles.

A wireless message sent out by an operator in Persia recently was heard distinctly on a ship near Melbourne, more than 6200 miles distant.

Bottle Washer.

A Wisconsin inventor's bottle washing machine carries bottle on an endless chain through boiling water, the rolls then into a tank of rinse water.

Belgian Aeroplanes.

The Belgian army is to be equipped with 90 aeroplanes at an early date.

Paper Box Machines.

More than 1000 types of machines are employed in the paper box making industry.

Java Tea.

Java exported nearly 61,000,000 pounds of tea in the first six months last year.

do not know how long the D. D. D. laboratories will continue the 25 cent offer, as the remedy is regularly sold only in \$1.01 bottles and has never before been put on the market in Canada on any special offers. If you want relief tonight try a bottle of 25c on our personal recommendation. Gaetz-Cornett Drug & Book Co., Limited.

IMPORTANT!

Owing to the interest taken by the Ladies of Red Deer and Vicinity, we have decided to continue this Demonstration during the balance of this week.

Ladies who were unable to attend this Demonstration last week, we will much appreciate a call from you this week.

Demonstration in your own home at your convenience; please let us know when our Demonstrator will call.

CITY OF RED DEER By-Law No. 322

A BY-LAW of the City of Red Deer to raise by way of loan the sum of \$1,000.00.

WHEREAS it is deemed expedient to raise by way of loan the sum of \$1,000.00 to be used in fixing up the grounds in Gaetz Park, Woodlea Park and Waskasoo Park.

AND WHEREAS it is deemed advisable that the indebtedness thus created should be spread over a period of ten years.

AND WHEREAS the whole rateable property of the Municipality of the City of Red Deer, according to the last assessed assessment roll, is \$3,644,335.00.

AND WHEREAS the total amount of the debt of the Municipality, outside of the debt for the current expenses of the year, is the sum of \$245,808.72, no part of which is in arrears.

THEREFORE THE MUNICIPAL COUNCIL OF THE CITY OF RED DEER ENACTS AS FOLLOWS:

1. That the sum of \$1,000.00 shall be expended by the City of Red Deer in fixing up the ground in Gaetz Park, Woodlea Park and Waskasoo Park, and for the purpose of raising the said sum one or more debentures in sum not less than \$100.00 each of the said City of Red Deer to the amount of \$1,000.00, as aforesaid, shall be issued, each of which debentures shall be dated on the day on which this by-law takes effect, and shall be payable within ten years from the day of the date in ten equal consecutive annual instalments of principal and interest, at the Merchants Bank of Canada, Red Deer, Alberta.

2. Each of the said debentures shall be signed by the Mayor and Secretary-Treasurer of the City of Red Deer, and shall be sealed with the seal of the Corporation of the City of Red Deer.
3. The said debentures shall bear interest at the rate of six per centum per annum, and shall have attached to them coupons for the payment of the instalments of principal and interest, which coupons shall be signed by the Mayor and the Secretary-Treasurer of the City of Red Deer.
4. During the currency of the said debentures there shall be raised annually, by special rate on all the rateable property of the City of Red Deer, the sum of \$135.87 for the purpose of paying the amount of the consecutive annual instalments of principal and interest in each of the said years in respect of the said debt.

5. The said by-law shall take effect on the 1st day of July, A. D. 1913.
6. The votes of the duly qualified electors of the said City of Red Deer shall be taken on the 9th day of June, A. D. 1913, at the office of the Secretary-Treasurer in the City Hall in the City of Red Deer, commencing at the hour of nine o'clock in the forenoon and continuing to the hour of five o'clock in the afternoon of the same day, and the Returning Officer and Deputy Returning Officer for taking the said votes shall be A. T. Stephenson and A. G. Ayres, respectively.

7. The said returning officer shall sum up the number of votes for and against this by-law on the 10th day of June, 1913, at the hour of ten o'clock in the forenoon at the City Offices, aforesaid.
8. This by-law shall be finally considered by the Council, and if the same shall have been assented to by the electors, shall then be passed on the 12th day of June, 1913, at the hour of eight o'clock in the evening. By-law read a first and second time in open Council this 8th day of May, 1913.

Mayor.

Secretary-Treasurer.

NOTICE IS HEREBY GIVEN that the foregoing is a true copy of the proposed By-law which will be taken into consideration by the Municipal Council of the City of Red Deer after being voted upon by the electors, that the date of the first publication of the said proposed By-law is the 14th day of May, A. D. 1913, in the Red Deer News, a newspaper published in the City of Red Deer, and that the votes of the electors will be taken upon the said proposed by-law on Monday, the 9th day of June, A. D. 1913, between the hours of nine o'clock in the forenoon and five o'clock in the afternoon of the same day, in the office of the Secretary-Treasurer, in the City Hall of the City of Red Deer and the said Returning Officer shall sum up the number of votes for and against the said By-law on Tuesday, the 10th day of June, A. D. 1913, at the hour of ten o'clock in the forenoon in the said City Offices.

Dated at Red Deer, in the Province of Alberta, the 9th day of May, A. D. 1913.

A. T. STEPHENSON,
 Secretary-Treasurer.

CITY OF RED DEER By-Law No. 323

A BY-LAW of the City of Red Deer to raise by way of loan the sum of \$1,000.00.

WHEREAS it is expedient to raise by way of loan the sum of \$1,000.00 for the purpose of paying the City share of the costs of constructing curbs, gutters and sidewalks on the following Streets, namely:

On Gaetz Avenue, West side, from 4th Street North to 5th Street North.

On Gaetz Avenue, West side, from

5th Street North to bridge approach.

On First Avenue West, both sides, from First Street South to second Street South.

On First Street South, South side, from First Avenue West to Second Avenue West.

On First Street South, both sides, from Gaetz Avenue to First Avenue East.

On Ross Street, both sides, from First Avenue East to Second Avenue East.

On Gaetz Avenue, both sides, from Second Street South to Victoria Street.

On Gaetz Avenue, West side, from Victoria Street to South limit, Block C, Plan K.

On Addison Avenue, from Fifth Street North to the end of the Avenue, on both sides.

On Third Street North, both sides, from Gaetz Avenue to First Avenue East.

On Third Street North, South side, from First Avenue East to Second Avenue East.

On Fifth Street North, both sides, from Gaetz Avenue to East Avenue.

On Sixth Street North, both sides, from River Avenue to East Avenue.

On Fourth Avenue East, both sides, from Ross Street to Fifth Street North.

AND WHEREAS it is deemed advisable that the indebtedness thus created should be spread over a period of thirty years.

AND WHEREAS the whole rateable property of the Municipality of the City of Red Deer, according to the last revised assessment roll, is \$3,644,335.00.

AND WHEREAS the total amount of the debt of the Municipality, outside of the debt for the current expenses of the year, is the sum of \$245,808.72, no part of which is in arrears.

AND WHEREAS it is deemed expedient that this by-law shall take effect on the 1st day of July, A. D. 1913.

THEREFORE THE MUNICIPAL COUNCIL OF THE CITY OF RED DEER ENACTS AS FOLLOWS:

1. That the sum of \$1,000.00 shall be expended by the City of Red Deer in paying the said shares of the costs of constructing curbs, gutters and sidewalks on the above mentioned streets and avenues, and for the purpose of raising the said sum one or more debentures in sums of not less than \$100.00 each of the said City of Red Deer to the amount of \$1,000.00, as aforesaid, shall be issued, each of which debentures shall be dated on the day on which this by-law takes effect, and shall be payable within thirty years from the day of the date in thirty equal consecutive annual instalments of principal and interest at the Merchants Bank of Canada, Red Deer, Alberta.

2. Each of the said debentures shall be signed by the Mayor and Secretary-Treasurer of the City of Red Deer, and shall be sealed with the seal of the Corporation of the City of Red Deer.
3. The said debentures shall bear interest at the rate of six per centum per annum, and shall have attached to them coupons for the payment of the instalments of principal and interest, which coupons shall be signed by the Mayor and the Secretary-Treasurer of the City of Red Deer.

4. During the currency of the said debentures there shall be raised annually, by special rate on all the rateable property of the City of Red Deer, the sum of \$726.49 for the purpose of paying the amount of the consecutive annual instalments of principal and interest in each of the said years in respect of the said debt.
5. The said by-law shall take effect on the 1st day of July, A. D. 1913.
6. The votes of the duly qualified electors of the said City of Red Deer shall be taken on the 9th day of June, A. D. 1913, at the office of the Secretary-Treasurer in the City Hall in the City of Red Deer, commencing at the hour of nine o'clock in the forenoon and continuing to the hour of five o'clock in the afternoon of the same day, and the Returning Officer and Deputy Returning Officer for taking the said votes shall be A. T. Stephenson and A. G. Ayres, respectively.

7. The said Returning Officer shall sum up the number of votes for and against this by-law on the 10th day of June, 1913, at the hour of ten o'clock in the forenoon at the City Offices, aforesaid.
8. This by-law shall be finally considered by the Council, and if the same shall have been assented to by the electors, shall then be passed on the 12th day of June, 1913, at the hour of eight o'clock in the evening. By-law read a first and second time in open Council this 8th day of May, 1913.

Mayor.

Secretary-Treasurer.

NOTICE IS HEREBY GIVEN that the foregoing is a true copy of the proposed By-law which will be taken into consideration by the Municipal Council of the City of Red Deer after being voted upon by the electors, that the date of the first publication of the said proposed By-law is the 14th day of May, A. D. 1913, in the Red Deer News, a newspaper published in the City of Red Deer, and that the votes of the electors will be taken upon the said proposed by-law on Monday, the 9th day of June, A. D. 1913, between the hours of nine o'clock in the forenoon and five o'clock in the afternoon of the same day, in the office of the Secretary-Treasurer, in the City Hall of the City of Red Deer and the said Returning Officer shall sum up the number of votes for and against the said By-law on Tuesday, the 10th day of June, A. D. 1913, at the hour of ten o'clock in the forenoon in the said City Offices.

Dated at Red Deer, in the Province of Alberta, the 9th day of May, A. D. 1913.

A. T. STEPHENSON,
 Secretary-Treasurer.

SCHOOL BOARD

Enrolment 26 Per Cent Over Last Year

The Red Deer Public School Board met on Wednesday evening, June 19th, Mr. Simpson, chairman; Mr. Munro, secretary; Mr. R. L. Gaetz, Mr. Payne, Mr. Carswell and Principal McKenzie.

Principal McKenzie's Report.
 April enrolment 521, daily present 467, average per cent 89.24. April 1912, enrolment 413, an increase of 114, or over 26 per cent, increase in average, 82 to 89. The enrolment had been rising since Easter, contrary to the experience of previous years; no primary pupils were now being added. On May 1 a new room was opened at St. Luke's parish hall under the charge of Miss Church, and grade II—III pupils placed therein.

Truant Officer's Report.
 The Truant Officer's report showed 25 investigations; 17 absences excusable; 5 cases due to indifference of parents; 1 to truancy.

Miss Miller Retiring.
 Miss Miller notified the Board that she would retire in June, and thanked the Board for the kind words she had received. Miss Miller is leaving to take a rest.

Assessment slips were presented by the Secretary from the City, taxing the City of Red Deer for all property over half an acre. This amounted to \$28,000. It was claimed all school property was exempt under the act, but Mr. Payne will see if the city was a right to tax school property.

Accounts.
 The following accounts were ordered to be paid: Dominion Express

Naval Bill Passed By 33 Majority

FINAL DIVISION TOOK PLACE THURSDAY NIGHT
FOR \$35,000,000 APPROPRIATION.

Ottawa, May 16.—The naval bill, introduced in the house of commons on December 5th last, was finally disposed of by the house of commons at half-past eleven o'clock last night, when it received its third reading and was passed on to the senate.

There were two separate votes taken in quick succession, the first being on the final amendment of Sir Wilfrid Laurier that the bill be given six months' hoist. This was defeated 100 to 66, a government majority of 34. Colonel Liberal, Col. Hugh MacLean of Quebec, voted with the opposition, and five Nationalists, Messrs. Achim, Boulay, Bar, rett, Ballew and Guilbault, voted with the government.

There were a few arrivals of belated members before the second vote, which was on the third reading of the naval bill, and which closed the session of the house of commons. The vote being 101 to 68, a government majority of 33. Tremendous cheering from the government benches greeted the victory for the government. The surroundings of the closing scenes were in strange contrast to other important stages of the bill. At the second reading other members of the debate, crowds waited in line and almost fought for places in the galleries.

During the first division the Nationalists who stood by the government were greeted with ironical Liberal cheers when they rose to vote, while Colonel MacLean got a hostile cheer from the Conservatives when he rose in favor of the government's proposals.

MOVES SIX MONTHS' HOIST.
 The six months' hoist was moved by Sir Wilfrid Laurier at 9 o'clock after a speech of an hour's duration. Mr. Guilbault, of Joliette, tried to

get the floor to move the amendment, but the speaker refused him, and the opposition who spoke in his usual good form in summing up the reasons why he and his followers could not support the government's proposal.

Sir Wilfrid said that the bill failed to recognize the duty which Canadians owed to themselves, it was a measure of expediency having no ideal length, and it was a Canadian navy.

Mr. Borden also spoke at considerable length, and said that Canada's duty to the empire differed radically from that expressed by Sir Wilfrid Laurier. He said that with the opposition leaders in control, Canada could not render effective aid to the empire. He believed that when half of the naval forces of the empire have been withdrawn from the protection of the Empire, the time had come when Canadians should not quibble, but should come forward and do something worthy of themselves.

MANY AMENDMENTS REJECTED.
 During the day several amendments suffered by the opposition were discussed and rejected on majorities running from 39 to 45.

The government received the support of the Nationalists in voting on these amendments as they involved the principle of the construction of the proposed vessels under the existing naval service bill.

When the house rose there was a little cheering for the Conservatives, sang "Rule Britannia," some of the Liberals joining in.

It was agreed that minor government bills and supply will be taken up on Friday after the budget debate commenced on Monday or Tuesday next.

stages in the growth of the potatoes. In experiments conducted for ten years on an average clay loam, the yield was practically the same from level and from ridged cultivation.

Experiments have been conducted carefully by planting potato sets in drills about twenty-eight inches apart, with the sets a foot apart in the rows, in comparison with the planting of the same amount of seed in rows thirty-three inches apart both ways. Considerably larger yields were obtained from the closer planting.

It is found to be a detriment to use more than one set in each place, as, for instance, one potato set two ounces in weight is likely to give a larger yield of potatoes than two sets of one ounce each which are planted close together.

SMITH - The Tailor
 Will make first-class
 Ladies' & Gents' Suits
 The best of Cloth and Linings,
 and guaranteed to fit.
 I also have a large assortment of the very best of new Cloth in stock and the latest styles in Suits and Overcoats.
 All orders promptly attended to.

SEALED TENDERS marked "For Mounted Police Provisions and Light Supplies, Provinces of Alberta and Saskatchewan," and addressed to the undersigned, will be received up to noon on Tuesday, June 3, 1913.

Printed forms of tender containing full information as to the articles and quality required, may be had on application at any of the Mounted Police posts in the Northwest, or at the office of the undersigned.

No tender will be received unless made on such printed forms.

The lowest or any tender not necessarily accepted.

Each tender must be accompanied by an accepted Canadian bank cheque or draft for an amount equal to 5 p.c. of the total value of the articles tendered for, which will be forfeited if the party declines to enter into a contract when called upon to do so, or if he fails to complete the service contracted for. If the tender is not accepted the cheque will be returned. No payment will be made to newspapers inserting this advertisement without authority having been first obtained.

LAURENCE FORTESCUE,
 Comptroller.

Charge of Selling Liquor Under False Pretences

AGAINST H. R. ARNOLD, OF RED DEER, WHOLESALE LIQUOR MERCHANT

H. R. Arnold was charged on a warrant before Justice Wallace, that he did, being a manufacturer, dealer, trader, or bottler, trade or traffic, in certain bottles or syphons which had upon them the name of another person, to wit, J. & F. Martell Cognac or Martell Cognac, without the written consent of such person.

Mr. Edmundson, of Loughheed & Bennett, proseuted, and J. Quigge, Red Deer, defended.

A search warrant had been applied for in the morning and granted. It was served upon Mr. Arnold by acting Chief Meeres.

Chief Meeres testified as to searching the premises under a warrant and finding bottles of brandy, with labels marked Martell and Hennessy, that were not authentic. Also boxes of labels and a rubber stamp.

The first witness called was B. Pellock, of Calgary. He said he worked in the office of Chas. Taylor, financial broker and equity agent of Calgary. He came to Red Deer

on Monday evening, May 12th. He visited Arnold's liquor store at 11.30 on Tuesday morning, that was the first time he ever saw Mr. Arnold. He asked for a bottle of Hennessy brandy, and Arnold produced three bottles with a Hennessy label on one and one with some other label. The matter in regard to Hennessy brandy was stayed at this point, and the matter of Martell's Brandy taken up.

Pellock said that he next visited the store on Wednesday morning in the company of Chas. Taylor at 10.30 o'clock, and asked for a bottle of J. & F. Martell's Cognac, for which he paid \$1.50. Mr. Arnold turned to one of the shelves, took down a bottle and commenced to wrap it up, when Pellock asked if he was sure it was Martell's best Cognac, and Arnold replied it was. In answer to his Solicitor, Pellock said he was careful to ask for J. & F. Martell Cognac, and was pretty sure he was not getting it after he had

Cross-examined by Mr. Quigge, he said he had been instructed to come up here, because it was feared that liquor was being sold to the public with labels on misrepresenting the contents, which amounted to fraud. He had never heard of more than one firm by the name of Martell, and he believed anyone asking for Martell would be deceived by the label on the bottle, if he did not know what it should be like, and think he was getting the genuine J. & F. Martell. He could not swear as to the trademark of J. & F. Martell, but had never seen any other than the blue one before coming to Red Deer.

Chas. F. Taylor, of Calgary, was the next witness. He said he was a financial broker and equity agent. He came to Red Deer on Monday, May 12th. He went to Arnold's store on Wednesday, May 14th, in the company of Pellock, who asked for a bottle of J. & F. Martell's Cognac. A bottle was handed to him, which is here in court and has my signature on it. Pellock gave Arnold a \$5 bill and paid \$1.50 for the bottle. I took the number of the bill. Pellock expressed surprise at getting a bottle of Three Star Martell for \$1.50, and said to Mr. Arnold, you are sure this is the good old Cognac, and Arnold replied it was. I then said, be sure that is Martell's best Three Star, and Arnold said, yes, he was sure. Continuing, the witness said he again visited the store this morning in the company of Chief Meeres and Pellock. Arnold came in from the back, the Chief handed him the warrant, and I believe Arnold said, "what's this?" and then read the warrant. Arnold then went to the shelf, lifted down the two bottles produced in court, and a third one, and said, these should be stamped with an ordinary rubber stamp. He then went to the rear of the store, and we followed, and saw rows of bottles of all kinds, some of them like those produced. We then went into a room where there was a number of casks on tap, and Arnold said he did not intend bottling any more of the Martell's, but had a cask of it in bulk. The Chief then asked him where the labels were, and he handed him a box containing the same kind as those on the bottles. The witness further said that Arnold stated he had had the labels made in New York. Taylor further said that no one could tell if it was Martell without testing it. In cross-examination he said he had been in the habit of taking about three drinks a day, and it was nearly always Martell he drank. He considered it was a fraud on the public to put up a bottle with that label on it, as it was not a genuine label of J. & F. Martell as far as he knew, for he had been in a good many countries and never saw the label produced till he came to Red Deer. He said

the word Martell was a household word as far as brandy was concerned, and he would consider it fraud to offer the brandy produced as Martell's. He would certainly know the difference between Martell's and various liquor if he tasted it. The bottles had been in his possession all the time since purchasing, and had not been opened or tampered with, because he wished to bring them intact into court. He could not say if that was the trademark of J. & F. Martell, but the name of Martell was a sufficient trademark in itself. James Gow, manager of the Liquor Dept. of the Hudson Bay Co. of Calgary, said he had spent practically all his life in the liquor trade. He said he only knew of one Martell firm, the J. & F. Martell, and if anyone asked him for a bottle of Martell, he would consider that they were asking for the J. & F. Martell. He had never seen any other than the blue label on the genuine bottle of Martell produced, and pointed out that its words were also stamped with the Three Stars. In regard to the brandy in the bottles, there was not much difference in the words, if any, he genuine Martell was a little the brighter. There would have to be an analytical test to prove as to whether the brandies were the same grade or not.

Mr. Edmundson, the counsel for the prosecution, asked that the case should be taken to a higher court. There was a difference of opinion of the counsel on this question. Justice Wallace said he did not see on what grounds he should refer it to a higher court, and he should dismiss the case on the grounds that he did not think there was any intention to defraud, and that the prosecution had not shown that there was no firm by the name of Martell & Co., but ordered defendant Arnold to pay the costs of the case.

At the commencement of Mr. Taylor's evidence, Mr. Quigge took exception to him (Taylor) referring to notes, and a very lively discussion took place upon the subject. Taylor explained that he had made some notes on the case at the time they happened, and resented Mr. Quigge's implied remarks that he had just written them. A little later on in the case they were again getting after each other, to the amusement of some of the spectators in court.

SATURDAY, MAY 17th.

If H. R. Arnold was today charged that he did, being a manufacturer, dealer, trader or bottler, trade or traffic, in certain bottles or syphons, which had upon them the name of another person, to wit, James Hennessy Cognac or Hennessy & Co. Cognac, without the written consent of such person.

He was further charged that being a manufacturer, dealer, trader or bottler, he did, without the written consent of J. & F. Martell Cognac, fill certain bottles or syphons with brandy cognac or other liquor for the purpose of sale or traffic.

Arnold pleaded guilty to using the names of Hennessy and Martell without the consent of the said companies.

The witnesses and details in these two cases were identical with the first case, and were accepted as such. Mr. Arnold addressed the bench, and said that he had bottled Hennessy brandy in bulk, and had it at the present time in his store, but did not intend to bottle any more of it, as he had not got the consent of the firm to place the label upon the bottle. He said that what he had done, had been done innocently, and not with any intention of defrauding the public.

Ed. Edmundson, the prosecuting solicitor, said that he had no feeling against Mr. Arnold, and imputed no charge of fraud against him on these two charges; but he was there to do his duty on behalf of the firms of Hennessy and Martell who had instructed his firm to make inquiries and prosecute offenders, as far back as March last, and he would ask the magistrate to make an example by a fine or other penalty, as the defendant had admitted to bottling Martell and Hennessy brandy and having sent away to New York for labels for the same. He also asked for the whole costs of the case for himself and witnesses. Mr. Quigge objected to this on various grounds, and considerable altercation went on with reference to it.

Justice Wallace said he would fine Arnold \$5 and costs in each case, but could not allow the solicitor his fees.

He also ordered that the liquor and the labels that were seized should be impounded by the court and destroyed.

There were ten other charges against Mr. Arnold in connection with this prosecution, but they were withdrawn, as the prosecution had served their ends in getting a conviction which would deter other dealers from carrying on the same practice.

Took His Own Life

(Lodge Representative)

Piqued because his wife would not consent to the sale of some farm property, owned by them, Michael Kowal hung himself in the barn on his residence premises last Saturday morning. He was discovered by Mrs. Kowal, who ran for assistance, but before it could be secured the unfortunate man was dead.

Cemeter Treaclock decided on investigating that it was a case of suicide and deemed an inquest unnecessary.

Deceased worked on the C.P.R. as section labourer, and was of a very industrious disposition, being in no way financially embarrassed. He was a Galician by nationality, and owing to the very strict belief held in the Greek church regarding death by suicide, the remains were interred in the Lodge cemetery Sunday morning without any religious ceremony whatever, the family refusing to have anything to do with the body.

Our Midsummer MILLINERY OPENING

TODAY AND TOMORROW

We want to sell you a new hat for MAY 24th, which is Saturday of this week, and we have without a doubt, the most select lot of millinery ever shown here and better prices than ever.

This Store will be Closed SAT. MAY 24th

WEDNESDAY, MAY 21st, 1913.

TO BE BRIEF.

The Advocate, Dec. 10:

"The Advocate has no serious
quarrel with Mr. Borden's temporary
policy."

The Advocate, May 9:

"The Conservatives will now shift
this un-Canadian naval policy down
their (the people's) throats."

The Advocate still has the floor.

MANUFACTURING AND AGRICULTURAL PROFITS.

The President of the Bank of Com-
merce, in evidence given before the
Banking Committee of the House of
Commons, said that one hundred
representative industrial concerns in
Canada, with a total capital and
surplus of \$170,000,000, showed
profits last year of 17.54 per cent.
This was done for the purpose of
showing that industrial establish-
ments are doing better than banks,
which in the same year made an
average profit on capital and reserve
of 8.84 per cent.

Another comparison, along a slightly
different line, will be found equally
interesting. The amount of capital
invested in Ontario farm property
was placed by the Bureau of Indus-
tries in 1909 at \$1,241,000,000. In
the same year, which was a normal
one, the total value of all the field
crops in the province were placed by
the same authority at \$167,000,000.

Allowing in addition to this \$2 per
acre for the returns from pasture
land, gives a grand aggregate of
\$173,000,000 as the gross returns
from all the field crops of the province
in the year named. That figure
out at 14 per cent. on the capital
invested. In other words, the total
value of the farm crops of the province,
in a normal year, represented a
very much smaller return on capital
invested than was represented by
profits alone in the case of one hun-
dred representative industrial estab-
lishments. If to the returns from
field crops are added the value of
live stock sold or slaughtered (and
this live stock was produced from the
product of field crops), the gross re-
turns from farming in Ontario
amounted in 1909 to only \$237,000,
000, or a shade over 19 per cent. on
the capital invested, while the pro-
fits over and above cost of operation
of one hundred representative indus-
trial establishments was only a
little over one per cent. less.

This at least will be food for
thought for the thinking farmer, as
it shows that the manufacturer and
banker is really making a less pro-
fit on money invested than he is,
and that the manufacturer is not
the monster some Liberal papers
paint him.

Canadian Liberals are hard to sat-
isfy. When what duties into the
United States are lowered sixty per
cent, they claim that the United
States is not a wheat importing
country and that we have nothing
to gain through free access to that
market. When wool is to have free
entry into the same country, we
shall not profit for a twofold reason.
It costs too much to get sheep here
to raise wool, and it costs too much
to build wire fences to keep the sheep
in pasture after we get them here.
Should the United States suddenly
decide in favor of absolute free
trade, there would undoubtedly arise
confirmed Liberals who could sullen-
ly discover that it was all a plot
to deprive us of our manufactures
and natural products without giving
any return. Less than two years ago
these same Liberals asserted that
access to United States markets for
our grain and cattle meant every-
thing to western Canada. Consist-
ency, thou art a jewel—Calgary
Herald.

Dr. Clark declares that he is a
man of peace and does not mess with
Col. Sam Hughes, whose daily diet,
we are informed, is gunpowder with
a torpedo destroyer as a chaser.
That is, two strong food for a western
farmer—Albertan.

During the debates on the Naval
Aid Act, Dr. Michael Clark filled
one hundred and fifty columns of
Hansard with his speeches. This
cost the country tens of thousands
of dollars. The doctor isn't worth
it.

THE BORDEN GOVERNMENT MAKING GOOD.

In speaking of the splendid efforts
of the Borden Government on behalf
of the people at large, and the west-
ern farmer in particular, the Regina
Provincial Standard has this to say:
The second session of the present
Parliament is almost over, and the
West has now fair opportunity to
judge of the work of the new ad-
ministration. A careful study of the
promises made and redeemed cannot
but convince the unprejudiced West-
erner of the good work of Hon. Mr.
Borden and his colleagues. When
their record is compared with that of
their predecessors during their first
two years of power, there can be no
question but that the new Govern-
ment has made good. Much legisla-
tion has been put into effect which
cannot but assist the West, but many
good measures were defeated by the
hostile Liberal Senate. Despite ob-
struction in the House of Commons
and blocking by the partisan Senate,
the new Government's record cannot
but meet with commendation on the
prairie.

EXPRESS RATES.
The West, for years, has suffered
from unjust express rates. An in-
vestigation instituted by the old Gov-
ernment was fruitless. The new Gov-
ernment again brought the question
before the Railway Commission, and
recently a twenty per cent. cut was
announced. The Province believes
that the express companies could
stand a still greater reduction, and
still earn substantial dividends. How-
ever, the substantial reduction secured
is appreciated, and a still greater
reduction is hoped for.

FREIGHT RATES.
It has been common knowledge that
the West has suffered for many years
from unjust freight rates. During the
old administration no attempt was
made to secure redress; as late as
January, 1912, the chairman of the
Railway Commission stated that no
application had been made for an in-
vestigation. The Conservative ad-
ministration, on coming into power,
requested the Railway Commission
to conduct a thorough investigation.
Unfortunately the death of Chairman
Mabee delayed the investigation, but
it is now well under way, and a re-
sult as satisfactory as that of the
express rate case is expected.

HUDSON BAY RAILWAY.
Mr. Borden's promise of the rapid
completion of the H. B. Railway is
being redeemed in the fullest sense.
In fifteen years the Liberal party's
contribution to this work was a
bridge contract. In two years the
new administration has placed all
the road under contract, and con-
structed several miles. Work has
commenced on harbor facilities, and
part of the 1914 crop will be carried
to Europe by this road. Could any
more prompt redemption of a promise
be possible? Contrast this with
the procrastinating policy of the late
Government.

GRAIN TRADE.
The Borden Government inherited a
grain blockade due to the feeble ef-
forts of their predecessors to solve
this problem. The second year of
the administration has seen the grain
moved without a blockade, but what
is more important, is that precau-
tions have been taken to prevent a
renewal of the disastrous conditions
which prevailed under the old Gov-
ernment. The railways have been
forced to provide more equipment,
greater storage capacity is being
secured at the head of the lakes,
and the period of navigation has
been considerably extended by adopt-
ing more modern methods.

INTERNAL STORAGE.
The Scott Government having failed
to redeem its pledge to furnish a
system of internal storage elevators,
the Conservative government has
come to the rescue. The Grain Com-
mission is at work on this problem,
and an important announcement is
expected before the close of Parlia-
ment. Besides assisting in prevent-
ing blockades, such a system will
leave to the farmers a choice of
market and will give a great impetus
to our rapidly growing milling
industry.

HIGHWAYS LEGISLATION.
In pursuance of his promise to
assist in securing to the farmers bet-
ter roads, last session Hon. Mr. Bor-
den's colleague, Mr. Cochrane, intro-
duced such a measure, which provid-
ed for the yearly expenditure of
\$1,000,000. This was one of the
measures defeated by the Senate.
It has again been passed by the House
of Commons, and the question now
to be decided is whether the Grid
Senate will again prevent the far-

mers from reaping the benefit of this
wise and progressive measure.

AID TO AGRICULTURE.

For the first time the Federal Gov-
ernment is giving substantial assist-
ance to agriculture. A sum of \$10,
000,000 has been voted for this pur-
pose, in face of the obstructive tac-
tics of the Liberals. One of the
questions to be taken up by the
development of the live-stock indus-
try in the West. For this purpose a
large sum has been set aside, and an
active campaign commenced. Other
branches of agriculture will receive
assistance, and this greater Canadian
industry will be placed on a more
scientific and remunerative basis.

REDUCTION OF DUTIES.

Although the Liberal Senate has
blocked a revision of the tariff, the
Government's intentions have been
shown in two important cases. When
a cement famine arose in the West
the Government cut the cement duties
in two. The only opposition to this
was that of the cement manufactur-
ers and the "low-tariff" Liberals.
Under the Laurier Government mil-
lions were given the steel manufactur-
ers in bonuses. The Conservative
Government refused to renew these
bonuses and earned the hatred of
the steel barons to such an extent
that they are now financing the
guerrilla Liberals in their campaign
of obstruction.

BANK ACT.

The intentions of the late Govern-
ment regarding the revision of the
Bank Act were shown by Mr. Field-
ing's bill. It was practically a re-
newal of the present Bank Act.
Under the Conservative revision a
rigid inspection has been secured, the
directors are now made liable and
greater freedom in making loans to
farmers is allowed. Other important
reforms have been made. The con-
tract between the work of the two
Governments could not be shown
better than in Hon. Mr. Fielding's
proposed Bank Act, and the act
which Hon. Mr. White has success-
fully carried through Parliament.
What is even more significant was
the policy of leading Liberals on the
Banking Committee. A. K. Maclean
and E. W. Nesbitt were always found
allied with corporations and oppos-
ing reform, while the real reformers
were such Conservatives as Nickle,
McCurdy, Sharpe and others.

OTHER LEGISLATION.
A forward step has been taken to-
ward securing a better system of
agricultural credits and the invest-
ment of the ocean freight rates.
Unfortunately a revision of the tariff
has been blocked by the Liberal
Senate, but another session of Parlia-
ment will see this accomplished. In
spite of this irresponsible body,
Effective naval aid to the Empire is
in sight, and closer union of the
various Dominions is certain. The
burial of reciprocity has been one of
the chief events, and few mourners
followed the corpse to the grave.
The record of the Government cannot
but add to its strength on the prairie.

Eckville
D. McNally has been assisting H.
Palmer with the shingling of his
blacksmith shop.
Liner Bros. have finished the work
on the new restaurant, and it will
be open for business in a few days.
A. Erickson opened a barber shop
here on Monday, May 19th. He is
an expert, and a good business is
assured him.
There will be two trains in place
of one over this line after this week.
The passenger coach is a great
convenience for those travelling and
is filled to its full capacity every
trip.
Jacob Clausen went to Leslieville
last week to build a store for
Messrs. Forhan & Clausen.
Preparations are being made for a
great celebration on Victoria Day. A
programme of baseball, football, races
of all kinds, tug-of-war, and games
will be carried out. Everybody come.
The death of Miss Agnes McFar-
quhar, occurred at the residence
of A. Mitzner on Thursday.
May 15th. Miss McFarquhar had been
in failing health for two months, and
had started for Oregon to visit her
sister, but she became much weaker
after reaching Eckville, and was not
able to proceed further. The family
have the sympathy of the community
in their bereavement.

Evergreen
Miss Maggie L. Boles has gone to
Red Deer to work at the Alberta
Hotel.

This has been a very poor spring
as crops are not coming up yet.
Frank Hardick has arrived home
after being in the hospital for some
time.

In this district it is a very com-
mon sight to see an ox and a horse,
or two horses and an ox, hitched
together, as the roads are in a very
bad state.

A large number of miners are home
after working in the B.C. mines.
H. H. Carlisle and J. Farley have been
taking lessons from a taxidermist,
and they are doing fine. We wish
them luck.

SPENCER ELECTED IN MEDICINE HAT

Hon. C. R. Mitchell Defeated
By 20 Votes

The recount in Medicine Hat has
caused a great deal of excitement in
the province. At a late hour Satur-
day night the judicial recount of the
ballots cast in the Medicine Hat
constituency, in recent election, was
completed, and Judge Carpenter
announced Mayor Spencer elected
over Hon. C. R. Mitchell by 20 of a
majority.

Calgary Fair

Westerners await with almost as
much interest the printing of the
program of the Calgary Indus-
trial Exhibition as they do the date
of the great annual western
festival. Those who have anticipat-
ed something striking and appropri-
ate in nature, will not be disap-
pointed when they see the presenta-
tion of the link between the past
and present which characterises this
year's amusement.

A grey, weather-beaten buffalo
skull is shown on a black back-
ground, and representing the pres-
ent, a steer, the successor to the
monarch of the plains. The de-
sign is a very striking and original
one, and Manager Richardson is to
be congratulated on his selection of
a design.

June 30 to July 5 are fair dates
this year, and those who attend are
promised a full week of enjoyment.
There will be a splendid assortment
of attractions and \$22,500 is offered
for races. Prize lists announcing full
particulars of the fair will be circu-
lated in a few days.

Wedding Bells

On Saturday, May 17, John Olaf
Nyman and Ellen Christina Soderberg,
both of Red Deer district.
On Monday, May 19, Alfred Pontier
of Red Deer and Alice Marion Smith,
of Stevenage, Herts, England.
Both weddings were solemnized in
St. Luke's Church, the Rev. C. W.
G. Moore officiating.

On Tuesday, May 20th, at the Pres-
byterian Manse, Red Deer, by the
Rev. W. G. Brown, Miss Alma Nich-
olson of Red Deer and Mr. Harold
Norman Lakes of Calgary.

WEDDING IN HIGHLAND PARK
On Wednesday last, the 14th in-
stant, a very pretty wedding took
place at the home of Mr. and Mrs.
J. McKinney, in Highland Park,
where their only daughter, Miss Edna
Beryl McKinney, was united in
matrimony to Mr. Charles Mills, of
Exeter, Washington, U.S.A.

The wedding ceremony was per-
formed by the Pastor of the Pres-
byterian Church, the Rev. Brown, and
took place at three o'clock in
the afternoon, a large number of
guests. The bride wore a pretty
gown of cream silk, trimmed with
lace and clusters of forget-me-nots.
Mr. William Mills, brother of the
groom, acted as best man, and the
bride was attended by Miss Marion
Loveland as bridesmaid. Many
beautiful gifts in silver and cut
glass assured the young couple of the
esteem of their many friends, both in
Red Deer and in Washington. Mr.
McInerney, M.P.P., an old friend of
the family, was unable to be present,
being away in Ottawa, but he wired
his congratulations to the bride.

Miss Clara McInerney played the Wed-
ding March from Lohengrin. After
the wedding ceremony the guests
tendered the young couple their
hearty congratulations, and all part-
ook of a dainty luncheon provided
for the parents of the bride.
Bride and groom left on the even-
ing train for the north on a short
honeymoon.

FOOTBALL

The Calties and City teams met in
a league match on Wednesday last,
the game ending in a draw, no goals.
The game was a disappointment,
owing to some of the players not
turning out at the time, necessitating
the Calties playing one back, which
seemed to upset the City team, for
they could not get going, being pulled
up repeatedly for offside. In the
first half the City had at least two
chances of scoring good goals, but
were too slow on the ball, allowing
the Calties' defence to rob them at
the last second. In the second half
the Calties came near scoring on
several occasions, owing to the fine
kicking of Scott, their back, who
was repeatedly placing the ball into
the City goal mouth, and had it not
been for the fine play of the Bucking-
ham brothers and Perry in the City
defence they would have scored. Both
goal keepers saved some fine shots,
and the other players did well indi-
vidually, but combination was again
lacking. The spectators were doing
a lot of grumbling over so many
stoppages for offside, but that was
the fault of the players, not the
referee, who appeared to be very
just and anxious to do what was
right in every case, although not
all his decisions were correct, particu-
larly on the off-side question. The
trouble on this point is that our
referees do not appear to grasp
the fact that it is not always
necessary for a man to have three
opponents ahead of him before he
plays the ball, the main point is
where was the man when the ball
was last played, not when he received
it. The number of spectators
were increased at a very great
rate, neither does the bank look
swell. Turn out Red Deer. What's
the matter with the ladies this year?

May Rod and Gun

May Rod and Gun in Canada (pub-
lished by W. J. Taylor, Limited,
Woodstock, Ont.) is out with a
series of contents. Among the
articles noted are: A Blaze on a
Portage, which will strike a re-
sponsive chord in many hearts;
After the Giant Mascallage of An-
chor Bay, an entertaining tale of the
St. Clair Plats; A Canoe Trip to
the Great Opeongo Lake District, a
true story of a somewhat
"strenuous" trip in Algonquin
Park; A Southern B.C. Goat Hunt,
an account of a successful trip into
the Cascades; Fox Breeding in
Prince Edward Island; Article IV of
Small Fur Bearers and How to
Take Them; The Diary of a Canoe
Trip in 1854 (conclusion), etc., etc.

Inoculation for Typhoid

Typhoid inoculation is apparently
justifying the claims made for it by
its advocates. A recent report of
the United States war department
shows that, in the last ten months,
there have been only twelve cases
of typhoid and two deaths among
the 57,000 men composing the army.
These deaths, as well as most of the
cases of sickness were of men who
had not been inoculated. The typhoid
rate in the army in 1906, was 5.66
per cent.; in 1907, 3.55; in 1910,
2.32; in 1911, 0.80, and in 1912,
0.18. It is pointed out that con-
ditions of service, though they may
have changed, are such as would,
four years ago, have produced 150
cases and 25 deaths. Such results
naturally inspire confidence in the
method, and attention is again called
to the matter, as it was several
months ago, not only because of its
interest to sanitarians, but also be-
cause inoculation might be very ad-
vantageously adopted by railway and
other contractors having many men
in more or less permanent camps.

Leprosy Cure is Announced From Geneva

Geneva, May 17.—Prof. Raoul Picot,
of Geneva, inventor of liquidified
air, announces he has discovered a
"cold cure" for leprosy. Recent ex-
periments carried on by American
doctors in Hawaii have been entirely
successful. Lepers have been sub-
jected to local application of the
disinfectant of liquidified air, and
the disease has gradually dis-
appeared. The intense cold has gradu-
ally destroyed the microbes of leprosy
and the diseased flesh has regained its
original color and texture.
It is stated many cases have been
cured in Hawaii and that the Ameri-
can government is investigating the
matter.

Farmers Compensated

Ottawa, May 14.—At the afternoon
sitting of the House, Hon. Martin
Burrell's bill respecting the Animal
Contagious Disease Act was put
through the committee stage and
given a third reading. This raises
the compensation to be paid for
horses that are slaughtered because
of the disease. The amount to be
paid for grade horses is raised from
\$150 to \$200, and on high-bred horses
from \$300 to \$500. The amendment
to the act will come into force by
order-in-council and proclamation in
The Canada Gazette.

Sale of Lands for Taxes

In the Municipality of the City of Red Deer, the Red
Deer Public School District Number 104, and the Red Deer Separate
School District Number 17, of the Province of Alberta, for arrears of
taxes and costs

NOTICE IS HEREBY GIVEN that certain lands in the Municipality
of the City of Red Deer, the Red Deer Public School District Number 104,
and the Red Deer Separate School District, will be offered for sale, for
arrears of taxes and costs, on Friday, the 31st day of June, A.D. 1913,
at the City Hall, Ross Avenue, in the City of Red Deer, at the hour of
two o'clock p.m.

A full list of the lands to be offered for sale may be found in the
issues of "The News," a newspaper published in the City of Red
Deer, on the following dates, viz:—Wednesdays, April 16th, 23rd, 30th,
and May 7th, 1913.

And unless the arrears of taxes and costs are sooner paid, the under-
signed Secretary-Treasurer of the City of Red Deer will proceed to sell
the lands referred to for taxes and costs, on the day and at the time
and place above mentioned.

A. T. STEPHENSON,
Secretary-Treasurer.

Ottawa Government Issues New Map

The eleventh edition of a publication which should prove of value to every person interested in the progress of settlement throughout the provinces of Manitoba, Saskatchewan and Alberta, is now being issued from the railway lands branch of the department of the interior at Ottawa. This interesting compilation which is known as the "Homestead map," shows in a most graphic way the land situation up to the beginning of the present year; also the standing of each quarter section, according to the records of the department at that date.

Irrespective of the information with respect to lands which have been homesteaded or otherwise disposed of, the publication contains complete information with respect to Indian reserves, timber berths, grazing leases, postoffices, railways, topography, etc.

Like so many of the publications of the department of the interior, this latest edition of the homestead map is being distributed free of charge.

A copy of the publication may be obtained upon application to the superintendent of railway lands, department of the interior, Ottawa.

Clearwater Election Case

Edmonton, May 10.—In the Clearwater election case, in which P. W. McKenney, Liberal, was returned by a majority of one over Williamson Taylor, Conservative, and in which the returning officer declined to count five votes alleged by the court of inquiry, Justice Beak today gave judgment granting the application of the Conservatives for a mandamus compelling the returning officer, John Terracher, to count the five votes. Williamson Taylor declares that four of the disputed votes are his.

The returning officer took the ground that the envelopes in which the disputed ballots were placed should have been opened by the deputy returning officer at the court of inquiry, and that it was clearly the duty of the returning officer to do so. He further stated that as regards the proceedings the mandamus was the proper course to take, and that a recount is not a proper substitute course for the mandamus itself.

Stay of execution pending an appeal to the full court in June was granted.

RED DEER CITY FOOTBALL SCHEDULE FOR 1913.

The following games will be played by the City Football League during the season, kick-off as early as possible in the evening:

May 20, Tues., Callies v. School.
May 22, Thurs., Callies v. Firemen.
May 25, Mon., School v. Town.
May 30, Fri., Firemen v. School.
June 2, Mon., School v. Callies.
June 9, Mon., Town v. Callies.
June 16, Mon., School v. Firemen.
June 23, Mon., Firemen v. School.
July 7, Mon., Firemen v. Town.
July 11, Fri., Callies v. Firemen.
July 15, Tues., Callies v. Town.

Paste this schedule in your lid.

HAVE YOU A SKIN RASH?

Zam-Buk Will End It.

For skin rashes, eruptions, eczema, etc., either in adults or children, there is nothing known to science which equals Zam-Buk in the quickness and certainty of its curative power. Mr. Raymond Webster, of Allanburg, Ont., writes: "I have tried Zam-Buk for many ailments, and every time have found it successful. Some time ago I had a bad rash all over my body. I tried home-made salves, herb salves, and various home-made preparations, and these proved of no use, but when I tried Zam-Buk I was cured in a quarter of the time that I had been experimenting in vain with other preparations."

"On another occasion I had one of my fingers crushed, and in that case also Zam-Buk was the only remedy I used. It healed the wound splendidly."

"My boy had boils, and once again Zam-Buk brought about a complete cure. We have also used it as a household balm, for the injuries and skin diseases which are common to every person, and can say that in our experience there is nothing to equal Zam-Buk."

Zam-Buk owes its unique healing power to certain herbal extracts it contains. Unlike most ointments, it contains no poisonous coloring matter, no animal fat, but is purely herbal. For eczema, piles, blood poison, abscesses, ulcers, cuts, burns, and all skin injuries and diseases it is without equal and should be in every home. 50c. box all drug stores and stores. Use also Zam-Buk soap, etc. tablet.

CANADA'S SURPLUS FOR YEAR JUST CLOSED WAS FIFTY-FIVE MILLION

Hon. W. T. White Makes Budget Speech in the House—Shows That Year Just Closed was the Most Prosperous in the History of the Dominion—Revenue Increase was \$23,000,000—A Sum Equal to the Total Revenue 20 Years Ago

Ottawa, May 12.—The members of the house of commons got a surprise today in the form of W. T. White's annual budget statement. It was not expected until Thursday, but owing to the serious illness of his mother, which necessitates his departure from the capital, the minister, with the concurrence of the opposition, was permitted to make his statement today without giving notice.

The most striking feature of the statement is a record surplus of \$55,000,000. This immense surplus, the minister estimated, will allow the government to pay \$33,000,000 of special expenditure chargeable to capital account, provide \$1,300,000 for sinking fund, making reduction of \$23,300,000 in the national debt. The total revenue of the fiscal year just closed Mr. White placed at \$168,250,000, an increase of more than \$32,000,000 over the revenue of the previous year, and a sum equal to the entire revenue of the Dominion 20 years ago. The surplus for the year was slightly over \$38,000,000.

For the current fiscal year, which will end on March 31, 1914, Mr. White estimated a total expenditure of about \$179,000,000. To this must be added the supplementary estimates yet to be brought down, railway subsidies, etc.

There was also the sum that would be necessary to start construction of the three dreadnoughts. The total estimated expenditure would be close to \$239,000,000, though a considerable amount of this would not be spent. The minister believed that the review for the current year, despite the large provision for the dreadnoughts, would meet all obligations.

The minister made some reference to the stringent financial conditions which have existed during the year, and predicted that improved conditions would prevail before many months have elapsed. As a preliminary to announcing several tariff changes, the minister of finance expressed the opinion that, having regard to the prosperity of the country as shown by the latest trade statistics, anything in the nature of a general revision of the tariff at the present time is not called for and would be contrary to the general interest of the country. He then announced the following reductions:

The duty on cement was lowered from 12½ to 10 cents per hundredweight, or from 43 to 35 cents per barrel.

The British preferential rate is lowered from 8 to 7 cents, and the intermediate from 11 to 10 cents per cent.

Typesetting and typesetting machines upon which the general tariff is now 20 per cent., the intermediate 17½, and the preferential 12½, are placed on the free list.

Traction ditching machinery costing more than \$3,000, which has been

GLOBE NOW TELLS THE TRUTH ABOUT THE U.S. MARKET

Goes Back on its Reciprocity Argument—Says Opening of Wheat Market to the South Means Little to Canada

The new Democratic tariff proposed in the United States involves a reduction of fifteen cents per bushel in the duty on wheat. The duty is now twenty-five cents; it is to be cut down to ten.

When the reciprocity agreement was before the country, one of the main arguments advanced by the Liberals supporting reciprocity was that it would open the United States market for Canadian grain. This was repeated from end to end of Canada. It was worked for all it was worth among the grain-growers of Western Canada. The Canadian grain-grower was to sell his wheat in the market of ninety millions and at prices higher than those to be obtained in Canada. Ingenious comparisons of Canadian and American prices were made in support of the reciprocity prospect.

CONSERVATIVE ARGUMENT.

The Conservative party refused to believe that the reduction of the United States duty on wheat would mean anything to the Canadian exporter, because United States prices were not in fact higher than Canadian prices, and because the United States was not a wheat importing but a wheat exporting nation, exporting millions of bushels of wheat even to Canada.

GLOBE AMONG THE LOUDEST.

The Toronto Globe was among the loudest shouters for reciprocity, in closing the promised boon to the Canadian wheat-grower. That was when the Globe was playing a part in a political campaign as the chief organ of the Liberal party. The attempt was made to convince the wheat exporter in Canada for the benefit of the Laurier government.

That was two years ago. The opponents of reciprocity urged that the increasing Liberal party would lose the United States tariff without exacting from Canada the enormous price involved in the reciprocity agreement. That prediction has come

true. But what about the Globe?

NO MOTIVE NOW.

There is nothing in it now for the Globe and its Liberal friends. It is no longer wheat while misrepresenting the real situation. So the Globe frankly admits that the reduction in the United States wheat duty as now proposed means very little to the Canadian wheat producer.

WHAT IT SAYS NOW.

Here are the words of the Globe, April 25, 1913, discussing the effect of the new duties on the Canadian grain trade. Speaking of wheat: "The reduction proposed in the duty on wheat will affect the Canadian producer very little now. The United States is producing too much surplus wheat in these days to afford us a profitable market there. With reserves on March 31 amounting to about 156,000,000 bushels, and a winter crop coming in about the 1st of July, which promises to greatly exceed that of the year ago, the United States is a huge exporter of wheat. Speaking of irrigation methods there are large wheat areas yet untouched. There is promise that she will be a large exporter for many years to come."

CANADIAN PRICES HIGHER.

"Prevailing prices in American markets reflect the relative position of the two countries. The present period is a good time to compare prices, as the export season on this side of the water is progressing toward its close. In Winnipeg yesterday's futures were selling as follows: May, 93½; July, 94½; October, 89½. In Minneapolis they were selling: May, at 8½; July, 90½; September, 87½. In Kansas City: May, at 80½; July, 82½; September, 80½. Except for some weeks in December last, cash and future prices in the United States markets have been below Winnipeg."

"Britain is the great consuming market of both Canada and the United States. In 1912 60,343 bushels of wheat went from Canada to Britain. The past year Liverpool has largely controlled the future market in both countries."

MEN-YOU NEED NERVE

EARLY INDISCRETIONS AND EXCESSES HAVE UNDERMINED YOUR SYSTEM

The nerves control all actions of the body so that anything that debilitates them will weaken all organs of the system. Early indiscretions and excesses have ruined thousands of promising young men. Unnatural drains sap their vigor and vitality and they never develop to a proper condition of manhood. They remain weak, flaccid, mentally, physically and sexually. How you feel? Are you nervous and weak, despondent and gloomy, excited before the eyes with dark circles under the eyes, weak back, kidneys irritable, palpitation of the heart, headache, debilitating dreams, dizziness in the morning, on the face, eyes sunken, hollow cheeks, careworn expression, poor memory, listless, distrustful, lack energy and strength, tired mornings, restless nights, changeable moods, premature decay, bone pains, hair loss, etc.

This is the condition our New Method Treatment is GUARANTEED TO CURE

We have treated thousands of men for almost a lifetime and we can't help but to experience. Consult us FREE OF CHARGE and we will tell you whether you are curable or not.

We guarantee curable cases of NERVOUS DEBILITY, VARICOSE VEINS, BLOOD AND URINE DISEASES, GLEET, BLADDER, URINARY AND KIDNEY COMPLAINTS. Free Booklet on Diseases of Men. If unable to call write for.

May 20th, 1913, 2 w

Local and General

The Council of Local Improvement District 371 will meet in Heenan's Hall at Sylvan Lake, Tuesday, May 23rd, at 1 o'clock.

The Alexandra Club will hold a Grand Charity Ball, in aid of the Hospital, on Friday, June 6th. Be sure and reserve the date.

A large stock of public and high school books, including Canadian Civics, at John McVicar's bookstore. Issuer of marriage licenses.

The S.O. annual dinner and smoking concert will be held in the Parish Hall on Friday night, May 23rd. Tickets may be obtained from the committee.

Mr. and Mrs. W. Cassels returned Sunday morning from Edinburgh, Scotland, where they have been the past five months, visiting Mr. Cassels' old home.

Do not fail to attend the musical recital given by Mesdames Hope, Bowker and Quigg, in the Presbyterian Church, Red Deer, on Tuesday, June 3rd, at 8 p.m. Tickets, 25c.

English, Scotch, Irish and Canadian flags, croquet sets, fishing tackle, baseballs, footballs and hammocks at John McVicar's bookstore. Issuer of marriage licenses.

The music-loving public have their attention called to a musical recital to be given by Mesdames Hope, Bowker and Quigg, in the Presbyterian Church, on Tuesday, June 3rd, at 8 p.m. Note the date and place.

The Inimical Province says: On Wednesday, on the complaint of Mrs. Varty, the proprietor of the Alberta Hotel, F. P. Duck, was convicted of allowing intoxicants to be sold in the Alberta hotel premises, after hours, on Saturday night, and was fined \$50 and costs.

The Young Red Deer Theatrical Club held a very successful ball on Friday last in the Parish Hall. There were a hundred people present, and a most enjoyable time was spent. Refreshments were served during the evening. Walton's orchestra furnished the music.

Messrs. Dunn, Bliss, Godfrey and Daniels, of the Medicine Hat baseball team, who were members of Red Deer's team last year, passed through the city on Monday noon last, on their way to Edmonton. There were quite a number of sports at the depot to have a chat with them.

The proprietors of the Rex Theatre, Gaetz Ave., have installed a new, up-to-date, motor curtain. This is the only curtain of its kind in the city and shows up a more brilliant picture than the ordinary curtain. The same kind is used in most of the larger cities and towns in the Dominion.

The district convention of the W. C.T.U. will meet in the Knox Presbyterian Church, Thursday and Friday, May 22 and 23. Thursday evening there will be a gold medal contest. Contestants from the different towns will compete with the one who won the silver medal last week. Admission for Thursday night, adults 35c, children 20c.

The Edmonton High School has challenged the Red Deer School for the Rutherford cup, and the game will be played on the school grounds on Friday afternoon at 3 o'clock. The Red Deer School has held the Cup against all comers for nearly three years, and the game on Friday should be very interesting. Turn out and boost for the boys.

Wolfram Hill, of Frankfurt on Maine, Germany, has bought, through the Lund real estate office, the farm of J. W. Kinkade, the S.E. quarter of 26-38-25, west of the 4th Meridian. Mr. Hill is a thoroughly educated man of a high family in Germany, and says that he is delighted with this part of Canada, and intends making further purchases. He has with him an expert farmer, and intends making a specialty of hog raising.

Crown Prosecutor Russell, of Red Deer, was in town on Saturday in connection with the case, Rex v. Sage. The defendant Sage was accused of having fenced off surveyed trail vested in the crown, to the west of Innisfail, on the road used by the people of Little Red Deer. F. M. Oldham acted for the defendant. After hearing a great deal of evidence, Justice Lauder convicted the accused and imposed a trifling penalty.—Innisfail Province.

Natural History Society

A meeting of the Executive of the Provincial Natural History Society of Alberta was held at Mrs. G. W. Greene's on Wednesday last. President R. E. Fisher, of Hillsdown, occupying the chair. The Society decided to present six prizes to the Red Deer School, and six to each of the schools in the other branches. A first and second prize for the best collection of Alberta wild flowers; first and second for collection of butterflies, moths, and insects; and two prizes for the best essay on bird life in Alberta or on the subject of natural history. The annual field day will be held in June, at the tamarac swamp, 4 miles from Red Deer. Any non-member wishing to join the party, can do so by bringing 50 cents and bringing a picnic basket. Mesdames Greene, Cottingham, George, Tall, man and Pameley were appointed a committee to arrange for it. Mr. A. R. Gibson will look after the botanizing for the day if possible.

That Calgary Choir Concert will be worth hearing.

Don't miss the C. C. C. in the Methodist Church, next Wednesday evening.

H. H. Gaetz returned from Victoria last Friday for a few days to attend to some business in Red Deer. Mr. Gaetz has recovered almost entirely from his recent illness.

Pipe Organ solos, duets, trios, quartets and grand choruses by a choir of fifty, in the Methodist Church next Wednesday evening; admission only 25 cents.

The choir of the Central Methodist Church, Calgary, will stop over here next Wednesday evening and give a concert in the Methodist Church. Admission only 25c. See programme.

Don't miss the musical treat in the Methodist Church next Wednesday evening, the 28th. This is really a complimentary concert of unusual merit by prominent Calgary soloists and the choir under the direction of Mr. Wilfrid V. Oaten, Organist.

P. E. Kent & Co., Painters and Decorators, have just finished their contract for rearing the Windsor Hotel, which has been done through out at a large expense. Other large contracts that this firm have recently finished has been the Convent, Arlington Hotel and Parish Hall.

J. W. Broughton had a very narrow escape on Monday last. He had just put in a new emery wheel, and started up speed, when the wheel burst, throwing one half through the window, and the other half back. Fortunately, Mr. Broughton was a little to one side, otherwise he would probably have been killed.

The marks from the Alberta University exams are out, and of the seven Red Deer students attending all made passes, and some made first-class passes. Those attending from Red Deer are: Tancock, Syers, L. Brown, Brenner, L. M. Smith, A. and C. Carswell. Tancock did especially well heading the sophomore year in Arts and L. B. Brown took the scholarship for the freshmen year in science.

A Pretty Display

There's not a housewife in the country that does not wish to have a dainty, well-appointed table. Of course there are many who do not know just what tableware to get, or how to arrange a table to best advantage. Harold J. Snell, Jeweller, has a very pretty display, a table set with crown Derby Teaset, and the Community Flatware, in the XV design. This is a good illustration of how nice a table can be set, by using the right combinations.

Women's Methodist Missionary Society

The regular monthly meeting was held in the schoolroom on Thursday, May 8th; President Mrs. Graves in the chair; Mrs. Hunter, Rec. Sec'y, and Mrs. Galtbraith, Treas., were the officers present. After a Bible reading by Mrs. Jewell, Mrs. G. W. Smith, who was in charge of the meeting which consisted of a number of ladies, replying to questions from the book provided for the Society, "Awakening of China," showing the need of our help in China's work, and the good it has already done when earnest work and prayer goes together. The Ladies decided to support a Native Bible Woman in China, 200 a year being the amount needed to do this.

The afternoon tea was served at the close of the meeting. Each member was to bring a friend, if possible, to the next meeting, so as to interest as many in this work as can spend time in it, which will repay any who do so, by the spiritual uplift given at the meetings.

Standing in City Football League

The School won from the Calles 1-0 in a close game last night, and thereby head the league for the present.

You'll want a kodak on the 24th. All sizes, \$1.00 to \$25.00, at Gaetz-Cornett Co.

If your photograph or gramophone is not working good, Hadley & Webb can fix it.

City Gun Club

The 5th regular shoot of the Red Deer Gun Club took place on Monday evening last. There was a good attendance of members and friends, but the shooting was not up to its standard owing to the changeable winds. The following was the score: V. S. Day 21, W. R. Davis 20, C. C. Whitehouse 8, Kruger 8, U. B. Parker 21, D. A. Smith 17, L. M. Gaetz 17, W. H. Plaxton 23, W. K. Routledge 10, G. S. Ware 11, R. L. Gaetz 15, F. Land 17, Plaxton gold button, Parker silver, and Day bronze.

Splendid Concert

If you miss hearing the concert given in the Methodist Church on Wednesday night next, by the Central Methodist church choir of Calgary, you will probably regret it, as that organization is on its way up to Edmonton to compete for the Edmonstone trophy with the probability of getting that award.

The choir, which consists of between forty and fifty voices, is without doubt the best in the city of Calgary, and from week to week the work of that organization has probably as much to do with the large crowds that fill the church as has the minister. During the past some very fine concerts have been given by this choir in their home town, and so successful were they that it has become proverbially known that a concert by them assures a large audience. During the past four or five weeks practices have been held two, and sometimes three times a week, and the conductor of the choir is certain that his loyal subjects will do both themselves and him justice at both Red Deer and Edmonton.

The programme will include some splendid selections, a number of which will be rendered unaccompanied.

"A" Squadron C. A. H.

- May 20, 1913.
1. The Red Deer Troops, all ranks, and strong as possible, will parade at the armory (turling rink) every Wednesday and Friday evenings at 7 o'clock till further orders.
 2. Wednesday, 21st May. (a) Dismounted troop and squadron drill; (b) Rifle exercises; (c) Lecture on rifle and saddlery.
 3. Friday 23rd May. (a) Mounted troop drill without rifles, under troop leaders; (b) Instruction in fitting saddlery and equipment.
 4. Rifles and saddlery will be issued upon enlistment. It is desired that every man get his equipment as soon as possible in order to have same properly cleaned and fitted.
 5. Men desiring to enlist will report at above parades, or at any time to Lieuts. Page or F. L. Brown.
 6. The armory will be open every evening after 7 o'clock in charge of the officer for the day, when equipment may be issued, and facilities will be given for cleaning same, and recruits will be given squad drill.
 7. Recruits living in Red Deer will not be permitted to take part in mounted drill until they have become efficient in dismounted drill and rifle exercises.
 8. Men living outside of the city, and in the Red Deer district, desiring to enlist before the annual training camp at Calgary, June 17 to 28, may send names by mail to either of above lieutenants.
 9. C. J. Carlyle, Major, Capt. O. C., "A" Sqn., 35th C.A.H.

O. B. WILKINSON.
May 21st

Poultry Fencing
ONE or two generations ago most farm animals roamed at large, but we have gradually found that this did not pay.

The barn yard fowls have been the last to feel the effects of business methods on the farm, but at last they have to get in their place (in the poultry yard) and stay there. The farmer who reads the magazines knows that to-day many a chicken farm of a few acres pays bigger profits than large farms did a few years ago. Every farmer keeps chickens because it pays, and it will pay better, and the farm will look better, if they are kept in the poultry yard.

ENOUGH of our poultry fencing to keep your fowls properly will cost very little, and will be the best investment you ever made on the farm.

The Day Hardware Co'y

FINE BUILDING LOTS \$200 Each

We have some splendid Lots in Red Deer West, close to School Site, and fine for building, at \$200 each on good terms. Red Deer West is a desirable place to live. It is close in, convenient, easy of access.

The property is high, dry and clean.

Red Deer West is a progressive property. In the Spring of 1912 there were just two houses on Red Deer West, today there are over 30 homes—and the end is not yet.

With a home-site in Red Deer West you cut down the high cost of living. The soil is rich and fertile and you can raise all the fine, fresh vegetables you need—and more.

If you do not care to buy a home or a pair of lots at the present time we will rent you a pretty, comfortable, five room cottage at \$15 per month.
